

Road Info Pty Ltd presents Speedwarnings

Don't get trap'd

Road Info Pty Ltd is now launching a new and unique service in Victoria, Australia!

These days are Road Info Pty Ltd launching a new service which provides road information through SMS technology regarding: speed traps (laser/radar), mobile speed cameras, road worthy tests in Victoria and where to find the cheapest fuel in Melbourne.

Victorian motorists can now receive notice of the location of police activity in their own selected area. This service may seem controversial but can actually prevent people from speeding and help Victorian drivers pay attention not cash while driving.

There are an average of more than 50,000 mobile speed camera fines dished out every month in Victoria. With the speedwarning service you can pay ATTENTION not CASH while driving!

In partnership with the leading European speed trap alerts service and one of the largest providers of SMS & MMS mobile messaging and wireless application infrastructure in Australia, Road Info Pty Ltd are proud to finally offer this service to the public in Australia.
